

## What You Missed !!

**January 2025** - Our first monthly meeting with Dr. DuChene, themed "New Year, New You," was truly inspiring! Dr. DuChene brought a refreshing perspective to kickstart the year, focusing on personal growth, setting meaningful goals, and embracing change. The session was both motivational and practical, offering valuable insights on how to make positive, lasting transformations.

Thank you to all those that braved the weather and joined us!

**In December**, NABIP FW Board Members gathered to enjoy a festive holiday lunch at Baja Mexican Grill. The warm, inviting atmosphere and delicious Mexican cuisine made for a perfect setting to celebrate the season together. It was a wonderful opportunity to relax, connect with fellow members, and share in the holiday spirit. The event was filled with laughter, great conversation, and memorable moments, making it a delightful end to the year. We missed those of you that were not able to attend our Holiday Luncheon at the Baja Mexican Grill

**And in November**, NABIP Members came together for the Grip and Give Event at Bar Louie, collecting coats and blankets to support those in need during the colder months. It was a meaningful way to give back and help those facing challenges during the winter season.

NABIP PAC is the political action committee of the National Association of Benefits and Insurance Professionals (NABIP). It is the expression of our First Amendment rights to free speech and association guaranteed under the Constitution. Such political expression has become far more than a useful option for professionals in a heavily regulated business like the health insurance industry. It has become a necessity.

In the insurance business as in many other industries, some individuals seem to consistently be top producers. Not only are they top producers, they strive for excellence in their field and provide impeccable service to their clients. The top-notch way they do business means that their clients are happy, and that there are fewer service problems for you.

A top producer in the insurance industry is like a center of excellence in the medical arena. Their expertise in their field results in their ability to produce a significantly greater amount of business yet do so in a cost-effective manner. Their outcomes are better than those of other producers because of their dedication to excellence and the volume of business they produce.

At NABIP, we have a program designed to reward our members who are outstanding producers. That program is the Leading Producers Roundtable. LPRT qualifiers receive a number of free or discounted educational offerings and other services from us – after all they are the best of the best and we depend on their knowledge and dedication to their industry to help our own organization be the best.
